My Life in L'Arche

If my friend Paulette from Bethany needs something, if she wants to talk; I can be there for her. I've been helping so many people. I like to be with them. I feel like I'm home. I feel like I can really relate to my friends at L'Arche. They are funny, trust me! Paulette and Lorrie together are just too much! They make me laugh a lot! I like to bug all the assistants...and don't forget Cathy! Cathy and I can talk about anything. By accepting who I am, Cathy makes me feel like one of them; like I belong.

I learn a lot in the vocational program. I like to bug Chris, Suzanne and Danielle! It's fun! In the vocational program, there are people I can relate to. When I have my Life Plan, I can express myself and I feel that I am heard.

Suzanne is the kind of woman that I can relate to; she is a good friend. I like to go to drumming with Suzanne sometimes. She makes me laugh! She is funny! I learn from Suzanne. She teaches me things about life. Sometimes when I am at work, and she comes to visit me I like to bug her! It's fun!

Why am I not working right now? Because my foot needs to heal. I put my foot up. I am eating healthy! I go to all of my appointments! I have lost 17lbs!! I feel great! If I keep this up, I am going back to work! I miss my co-workers. I miss my job. It is important to me to have a job because; I get out and see my friends. I can be independent!

I think you should come to L'Arche because it is a great experience and you learn a lot about life.

New Mandate for the L'Arche Ontario Leadership

It is with delight that I would like to announce that John Guido and Tammy Bartel have been affirmed in their respective roles of regional and vice regional

coordinators of the L'Arche Ontario region.

This affirmation took place during the Ontario regional assembly Friday June 10 at St. Michael's College in Toronto. Members from all the L'Arche communities were present. It was a great celebration.

I wish to thank John and Tammy for the leadership that they have provided to L'Arche Ontario and to L'Arche Canada. I look forward to continuing to work with them to building L'Arche in Canada.
